

**DEPARTMENT OF ENVIRONMENTAL AND PLANT BIOLOGY
OHIO UNIVERSITY
CRITIQUE OF SEMINAR/COLLOQUIUM PRESENTATION**

Presenter: _____ **Date:** _____

Title: _____

Please circle the letter grade (A, B, C, D, E, F) you would give for each criterion first; if you cannot decide between two letter grades, circle them both to represent the intermediate condition, e.g., circle A and B for "AB". Then circle the letter(s) that best represents the overall grade you would assign to the presentation based on the individual critique scores you gave below.

Content

Topic and particular biological questions were introduced adequately? A B C D F

Topic was given a reasonable context in the broader framework of plant biology? A B C D F

Presenter had a reasonable grasp of key points or major subject areas of topic? A B C D F

All known major subject areas were adequately covered? A B C D F

Material was provided in a logical and organized fashion? A B C D F

Different subjects were tied together into a coherent presentation? A B C D F

Performance

Oral delivery of presentation was lucid, articulate, and readily followed? A B C D F

Material was presented at level appropriate to the audience? A B C D F

Visual aids, e.g., figures and illustrations, were suitable for points being addressed? A B C D F

Number and quality of visual aids for presentation? A B C D F

Discussion

Were questions answered clearly, directly and adequately? A B C D F

OVERALL GRADE **A B C D F**
