

GRASSES

<i>Panicum sp.</i>	Panicum	wide lvs, hairy joint
<i>Poa sp. #1</i>	Narrow poa	narrow leaves, end of leaf boat-shaped
<i>Setaria glauca</i>	Foxtail Grass	Large inflorescence, bristly & erect
<i>Triodia flava</i>	Purpletop (or grease-gras infl.	purple, stem feels oily

FORBS

<i>Achillea millefolium</i>	Yarrow	feathery lvs, < 25cm
<i>Ambrosia artemisiifolia</i>	Common Ragweed	highly dissected leaves
<i>Anaphalis margaritacea</i>	Pearly Everlasting	stem wooly
<i>Apocyanum sp.</i>	Dogbane	long, thin pods; milky juice
<i>Asclepias tuberosa</i>	Butterfly Weed	broad pod, milky juice
<i>Aster vimineus</i>	White Aster	0.4 m tall, numerous small white flowers
<i>Baptisia sp.</i>	False Indigo	lvs trifoliate, wide leaflets, purple fls
<i>Botrychium sp.</i>	Botrychium	small fern; fronds not highly dissected
<i>Centaurea jacea</i>	Brown Knapweed	purple, highly dissected fls
<i>Coreopsis tripteris</i>	Tall Coreopsis	sunflower like yellow flr, lvs trifoliate at stem base
<i>Daucus carota</i>	Queen Anne's Lace	white fls, feathery leaves, flw stalk ca. 1m
<i>Desmodium sp.</i>	Tick-Trefoil	fruit pod constricted between seeds; trifoliate lvs
<i>Dipsacus sylvestris</i>	Teasel	flower thistle-shaped, plant spiny
<i>Eupatorium dubium</i>	Joe-Pye Weed	tall plant, purple fls, leaves whorled
<i>Euphorbia corollata</i>	Flowering Spurge	white fls, odd morphology
<i>Euthamia graminifolia</i>	Grass-Leaved Goldenrod	thin lvs for goldenrod; many- branched yellow fls
<i>Lespedeza virginica</i>	Virginia Bushclover	trifoliate lvs, leaflets narrow, fls purple to white,
<i>Oxalis sp.</i>	Wood Sorrel	clover-like lvs
<i>Parthenocissus quinquefolia</i>	Virginia Creeper	vine with 5 leaflets/leaf
<i>Polystichium acrostichoides</i>	Christmas Fern	fern with dark green leathery lvs
<i>Potentilla sp.</i>	Wild Strawberry	3-5 leaflets; resembles a strawberry plant
<i>Prunella vulgaris</i>	Heal-All	square stem, 0.1-0.2m high, compact inflor. 2-4 cm
<i>Pycnanthemum sp.</i>	Mountain Mint	white fls in several heads
<i>Rubus allegheniensis</i>	Allegheny blackberry	thorny stem
<i>Rubus flagellaris</i>	Dewberry	creeping, with thorns
<i>Rubus pensilvanicus</i>	Blackberry	thorny stem with a white bloom
<i>Satureja vulgaris</i>	Field Basil	square stem, fls in globose head
<i>Solidago canadensis</i>	Canada Goldenrod	yellow fls on branches, erect head, scabrous lvs
<i>Solidago juncea</i>	Early Goldenrod	broad head of yellow flrs, glabrous leaves, brownish-red st
<i>Verbena urticifolia</i>	White Vervain	opp. toothed lvs; spike of small white flrs
<i>Vernonia altissima</i>	Tall Ironweed	tall, sessile alternate lvs, purple flws

TREES, SHRUBS, OR VINES

<i>Acer rubrum</i>	Red Maple	leaves tri-lobed, dentate margin
<i>Convolvulus sp.</i>	Bindweed	trumpet shaped flower, white; lvs heart-shaped
<i>Cornus florida</i>	Flowering Dogwood	single stem, lf veins follow margin of lf
<i>Cornus racemosa</i>	Panicked Dogwood	shrubby, multi-stemmed
<i>Crataegus sp.</i>	Hawthorne	stems armed w/ thorns
<i>Elaeagnus commutata</i>	Silver-Berry	red berries, silvery lvs
<i>Juglans nigra</i>	Black Walnut	compound lvs w/ 11-17 leaflets, fragrant foliage
<i>Lespedeza bicolor</i>	Japanese Bushclover	trifoliate leaves, purple fls
<i>Liriodendron tulipifera</i>	Tulip Poplar	tulip-shaped leaf
<i>Lonicera japonica</i>	Japanese Honeysuckle	trailing vine, opposite lvs
<i>Quercus velutina</i>	Black Oak	bristly tips on lf points, brwn hairs on underside
<i>Rhus copallina</i>	Winged Sumac	compound lvs, wing on rachis and petiole
<i>Rhus glabra</i>	Smooth Sumac	large upright red cluster of fls
<i>Rosa multiflora</i>	Multiflora Rose	stem w/ thorns, 5-7 lflets
<i>Sassafras albidum</i>	Sassafras	mitten shaped lvs
<i>Toxicodendron radicans</i>	Poison Ivy	3 leaflets per leaf, tan bud
<i>Vitis sp.</i>	Grapevine	tendrils opposite lvs
